XI.—Classification of Area and Money Rates according to the last settlement.

(Part 1.—Area under each money rate.)

NOTE.—Particulars for Ongole taluk are given separately.

The old Tenali taluk of the district was divided into Tenali and Repalle taluks with effect from 1st July 1910 under Sir W. Meyer's scheme. Figures for these new taluks are not available.

* Financial statement not received by Surgeon-General.

Classes I and II.—These include all institutions maintained by Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as "State" so long as Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I—"Public" are State dispensaries which are open to the poorer classes of the public. Class II are State dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

Class III.—Local Fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence is practically dependent upon Local Funds.

Class IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or Local Funds.

Class V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—Comprises all Railway Dispensaries whether maintained by State Railways or others.

XXVIII.—Vaccination.

Taluks and Municipalities.	Number of persons successfully vaccinated.			Registered birth-rate per 1,000 of population in			Average number of successful cases of vaccination on children under one year during the three years ending 1925-26.

1926-27	2,812	4,11,818	146	0 3 7

Income-tax.

Under the Income-tax Act of 1886, all incomes of Rs. 500 a year and upwards were liable to taxation. The taxable minimum was raised to Rs. 1,000 in 1903 and to Rs. 2,000 in 1919. The maximum rate of tax was 5 pies in the rupee till 1916 when it was raised to 12 pies. In 1921 the maximum was raised to 16 pies in the rupee. In 1917 the Super-tax Act was passed by which an additional tax varying from one anna in the rupee to three annas in the rupee was levied on incomes in excess of Rs. 50,000. In 1921 the maximum rate of super-tax was raised to 4 annas. The Income-tax Act was amended in 1918 and the Super-tax Act in 1920. The law relating to income-tax and super-tax was further revised and consolidated by the Income-tax Act, 1922, which with minor alterations is now in force. The maximum rate of income-tax was raised in 1922 to 18 pies in the rupee and the maximum rate of super-tax to 6 annas in the rupee. The rates are not now laid down in the Act, but are prescribed from year to year by the Finance Act.

The income-tax revenue was till 1922 administered by the Madras Board of Revenue subject to the control of the Local Government. It is now administered directly by the Government of India through the Central Board of Revenue at Delhi and a Commissioner for the province.
